What's next for Brisbane's parks: Lord Mayor

From pocket parks to destination playgrounds like Bradbury Park and the Archerfield Wetlands, we're creating more places to explore and enjoy right across the suburbs.

It's no surprise families love it here, with Brisbane recently ranked the world's most family-friendly city, recognising our parks, outdoor lifestyle and safer suburbs.

As we improve playgrounds, upgrade paths and keep our parks clean, we're making sure more people can enjoy Brisbane's great lifestyle close to home.

So get outside, explore your local park and discover something new in Brisbane.
